COMMUNICATION:

Email: Email is the simplest and primary way to contact me outside of class and is the quickest way for me to contact you as well. All email should be sent directly to jfelder@valdosta.edu. You are required to check and maintain your Valdosta State University email account. I will only communicate with you through this official email account. Do NOT email using the Blazeview system.

Blazeview: We will be using Blazeview throughout the semester as a tool for sharing class and grade information. I will post course **tentative grades** as well as any necessary **class materials and announcements**. It is the student's responsibility to routinely check Blazeview for posted announcements and to review grades as they are reported. All official course information is located on Blazeview and students are expected to regularly access the Blazeview website. "I didn't know" will not be an accepted excuse for missing dates, deadlines or errors.

Note that I use the Blazeview site grade sheet **only to report tentative grades** to you. I do not use it to actually calculate final grades. I use a separate spreadsheet.

ATTENDANCE POLICY: You are expected to attend all scheduled course activities, and active participation is part of your course grade. Because of the nature and structure of the class, attendance is vital to your success in the course. The student is responsible for all material and assignments missed regardless of the reason for absences. We will strictly adhere to **XU's policy** on attendance which states: "A student who **misses more than 20% of the scheduled classes of a course will be subject to receiving a failing grade in the course**" (Undergraduate Catalog). **Also note that the instructor is required to file the last date of attendance for any student failing the course. This information is used by financial aid authorities to assess potential payback of aid funds.**
