ATTENDANCE. Attendance will be checked in classes stated in the VSU Undergraduate Catalog, "A student who misses more than 20% of the scheduled classes of a course will be subject to receiving a failing grade in the course." Students are required to attend and participate during class periods when student oral reports are scheduled. Missing or not participating in more than one of these required classes will result in the loss of points as follows: fifty points will be deducted for each absence beyond the second absence.

EXAMINATIONS. Examinations may include questions of the multiple choice, matching, true/false, short answer, problem, and essay formats. Three exams will be given (two exams plus the final exam). The second

date, must also be included. Please check the line spacing in Word (or other word processing program) and be sure that extra space is not inserted below each line. The topic of the article chosen by the student for this written report must not be closely related to the topic chosen for the oral report. The article may be an informal article from *Science* or other scientific publications, an article from *Scientific American*, a short review article from *Science* or *Emerging Infectious Diseases*, an article from *Morbidity and Mortality Weekly Report*, a formal article from other scientific journals, etc. The report will be worth 100 points. A plagiarized report will receive a score of 0. No direct quotations from the article are permitted in the paper. On the day the report is due, each student should come to class prepared to speak to the class about his/her article/report (2
