2 responses from members. They did not want their names in the minutes.
Issues with the implementation of EdTPA
A master list to clarify the new assignments vs. the old assignments that are now part of student teaching.
We have not found a successful way to meet as an Advisory Council. FLED meetings were open to the Advisory Council, with a segment dedicated to Council items. However, day meetings don't work for many members and then night meetings don't work for another group. We will explore an online option like Go-To-Meeting.
